

VORTEX DETECTABLE DISPOSABLE CORDED

Class 5, SLC₈₀ 26dB

DE100-MD

A small metal tab in each plug and a metalized cord ensures that any part of these plugs can be easily detected by automated metal detecting equipment if they should accidentally fall into a processing line. Metal detectable earplugs ensure that this type of non-food ingredient never makes its way into a food source.

AS/NZS 1270:2002

Pairs packaged in individual polybags

Soft, easy to roll and positive insertion

PU foam Class 5 AS/NZS 1270 certified

SLC₈₀ 26dB—protection for noise levels to 110 dB(A)
