

SUNGARD® SPF30 SUNSCREEN WITH INSECT REPELLENT

SG30IR-125 Flip-top 125ml
SG30IR-500 Pump 500ml

Our Popular Sungard® SPF 30 provides broad spectrum UVA and UVB skincare protection, is dermatologically tested for most skin types and does not contain Methylisothiazolinone or nano particles.

FEATURES

INDUSTRIAL WORK - Safe non-slip grip dry lotion, low irritant, sweat resistant formulation.

OUTDOOR ACTION - Superfast absorbing - leaves skin soft and smooth, 80 minutes water resistance.

HIGH PROTECTION - Everyday SPF 30 high protection against harsh UVA and UVB sun rays.

USER FRIENDLY - Non-ghosting formula (no white residue). Dermatologically tested for a range of skin types.

HEALTH CARE - Insect repellent protects against mosquitoes and helps repel sand flies and other annoying and biting disease-carrying insects.

STANDARDS COMPLIANT - Tested in certified laboratory to meet AS/NZS Standards 2604:2021.

SAFE FOR CONTACT WITH PAINT FINISHES - Sungard® Sunscreen does not contain metal oxides so it won't leave hand prints on your car's paintwork. Great for Roofers too!

USES

- Any outdoor exposure, especially in high UV index
- Farming/Horticulture
- Sports, Recreation & Events
- Construction/Siteworks
- Schools and childcare
